OTHER INFORMATION

(i) Reasons for loss or inadequate profits

The year under review brought an unprecedented and most difficult economic challenge of the century to India and the World because of the COVID 19 pandemic. To arrest the spread of the pandemic, India and most Nations implemented strict restrictions on educational institutions, offices and other commercial activities.

Paper industry and in particular Writing & Printing paper segment faced unprecedented challenges due to shut down of Schools, colleges, IT Industry, commercial and government offices. Restrictions on Tourism, conventions, weddings and large gatherings affected the Tissue paper segment also.

On this backdrop, the Company's performance during the year 2020-21 was impacted adversely by lower volumes and price realization for its products due to the prevailing market conditions.

Further, with COVID 19 restrictions were lifted, paper demand started recovering. However, increase in the costs of raw material and coal, due to availability/inflation or global price trends may impact profitability.

(ii) Steps taken or proposed to be taken for improvement

The Company has continued to take steps to cut down on costs and improve efficiencies. We are also in the process of increasing our pulping capacity which will reduce our dependency on imported pulp and also provide a scope for increasing our paper capacity.

The Company is not in default to any bank or financial institutions or secured creditors. The Company does not have any depositor or debentureholder.

(iii) Expected increase in productivity and profits in measurable terms

The Company is very conscious about improvement in productivity and undertakes constant measures to improve it. However, it is extremely difficult in the present scenario of the economy to predict profit in the measurable terms.

However, considering recovery in demand and improvement in sales realisations towards the end of the financial year 2021-22, the management is optimistic of Company's growth and increase in productivity and profits.
